

Team Regular Meeting
September 11, 2017

Kristy Called the Meeting to Order at 10:51am.

Addition to Agenda.

1. New fundraisers
 - a. Tupperware
 - b. Tire Recycling
2. Fruit Fundraiser and Mom's Pantry
3. Flip Give
4. Highway Clean Up
5. LED sign
6. Music Program.

Anne moved that the minutes from the Regular Meeting of June 19, 2017 be approved. Jackie 2nd.

Jackie read the Treasurer's report. See attached. Jackie moved to have her report accepted. Katherine 2nd.

Business arising from June 19, 2017 minutes

TEAM will continue with the new initiative adopted by the Council last. There has been very positive feedback. Having predetermined programs and funds allocated to them has made things simpler for everyone, Cost projections last year were less than 2% than actual overall all though specifics did change. See attached.

Following up on the cost of maintaining the small white buses. There has been no word from WM regarding the last application for a grant. The cost is estimated at \$4000 for both buses. This type of expenditure may not be in the mandate of TEAM. We will wait to here if WM will grant us funds and go from there. Subject tabled till next meeting.

New business

New Requests

Land Based Learning, the Grade 10s will be going on a camping trip where they will learn about the Aboriginal Culture. Mrs Carson has amended her previous request from \$100 per student to \$75 per student. Actual cost is approximately \$175 per student. The total cost is covered by a First Nations, Inuit, Metis grant money provided for credit gained in a course because it's a 7 credit course and families to pay the rest which is \$75 per child. **April moved that TEAM**

support this request, Carmen 2nd. This may be a yearly request and become part of the Initiative but since this is the first year, we will get a report by March on the final cost and feed back.

Vertically Inclined, rock climbing field trip - Outdoor Ed Junior High Option; the request is for \$480. Last year we funded Outdoor Ed \$300 and they went to Vertically Inclined and to Rocky Mountain House camping. **Katherine moved we provide \$300 for this request, Lisa 2nd.**

Additions

Pat Topolniski has connections to do Tupperware fundraising. Pat will be the lead and she will try to link this fund raiser to another event like the Ham Bingo or something.

Lisa will not be able to Lead the Fruit fundraiser this year. Katherine volunteered to help. It is a worthwhile fundraiser to continue. The info needs to be out to people by October 1 so that the orders can be complete by the first week of November and delivered by beginning of December. Because it needs to happen quick; they can do it maybe during the spring but in that case Mandarine oranges will not be available and alot of people order for them. Perhaps Sam will continue to lead the Mom's pantry fundraiser and the ladies can work together to plan so fundraisers don't overlap or clash. The Leads with deal with all the logistics of the matter.

Last year's Highway Clean Up for TEAM did not have enough people committed to complete the job; so TEAM will not do the clean up this year but will register it and "give" it to a group that needs to raise funds. If it's tied to a trip; the people are more likely to help out if it's mandatory. This year Grade 6 & 7 will offered the clean up and share the funds to pay for their Drumheller Trip.

FlipGive is doing well; check out the webpage <https://www.flipgive.com/teams/87702-team> . This program allows purchasing from a store with a gift card or coupon; or ordering on line and a percentage is awarded to TEAM. Some advertising will be done on Facebook in the bulletin to promote this fundraiser.

The Bingo licence needs to be applied for. Kristy will get the information from the various classes and do the application on the AGLC website

Joe would like to know if TEAM will support the purchase of an LED sign for outside the school. It will improve the communication and make it more current. Instead of manually changing the letters on the sign; the info could be typed in a computer program and instantly change it. Could even be used for community announcements and charge a small amount for the service. Shell wanted to fund a sign last year; maybe they will pay for it this year. Mr Shelast will bring a quote next meeting.

Joe would also like to offer music to the students. Before finding out if there is enough interest he is asking if TEAM would financially support this. He has asked someone he knows if they are interested in teaching music. TEAM can not pay for instruction; but can pay for instruments and incidentals or presentation. Would be an option the school could offer to JH and high school students that have spares, or lunch hour or after school. It's all speculation for now, but it seems enough of TEAMS members would be interested in this project.

Katharine Trenholme is looking into Tire Recycling through 4H; she will lead this project and will get more info for next meeting.

Sound/Lights Enhance Project - Jackie has a \$20,000 quote for the lights, including white, colors, effects, projection, and wireless projector. She is still working on quotes for wireless microphones; boom mics, powered projection and then will apply for the grant.

Casino reminder, Thursday, October 26th, and Friday, October 27 - sign up in Office, still need about 5 people.

Next meeting --- Nov 8, 2017 5pm

Kristy Adjourned at 12:09 pm.
