Principal's Message

The end of the school year is quickly coming to a close. Students are enjoying their year-end field trips, studying for exams, and anxiously awaiting the beginning of their summer break. To all of our graduates, we wish you the best as you embark on a new chapter. We hope it is filled with adventures, travel, further education, job opportunities, health, and happiness.

Report cards will be made available online by June 30 for junior and senior high students while the elementary report cards will be ready on their last day of school, June 23. There will be a short window of time when PowerSchool will be locked out to allow teachers to add their final marks and comments. Please remember that grade 1- 12 students will not be receiving a print copy of their report card. Parents wanting a print copy from the office, need to contact the school office by Friday, June 16 so there is ample time to meet your request. If you are unsure how to access your child's marks, we will have another PowerSchool information session for parents on June 14 at 7:00pm. A message will be forwarded through Alert Solutions to all parents inviting them to join us.

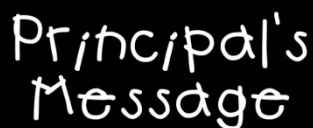

We are in the process of finalizing our staffing for next year. Early next week more interviews will be taking place and once all decisions have been made, we will send out a notice to families informing them of the staffing changes. Mrs. Gurba, Mr. Sereda, and Mrs. Pasemko are retiring and we wish all of them the best. These dedicated professionals will be missed by staff and students.

Student Information Verification sheets, Cellular Phones & Wireless Devices Policy form, and the Annual Field Trip Authorization form for the 2017-2018 school year will be sent out with each student. Please review the information on the documents, sign the respective forms, and return them to school with your child. These documents will help us plan classroom configurations for the coming school year.

Transportation registration information for the coming school year is on the school website. Please visit the site to reregister your child for transportation. This process will help division office with the planning of the school bus routes.

A special thank you is extended to all of our volunteers and parents. When families and school work together, the educational experience is strengthened for students. Your ongoing support is greatly appreciated. Enjoy the summer with your family, read great books, and go on adventures with family and friends.

The school office will be reopen on August 22 and the first day of school for students is August 30. We wish everyone a safe, relaxing, and fun-filled summer break.
