Thorhild School Council May 2022-Trustee's Report

We are planning an Indigenous Flag raising ceremony at Division Office in June.

Aspen View held their annual staff recognition awards in Thorhild May 6.

We had a presentation from the Technology Department at the last Board meeting. Schools and divisions are under attack 24/7/365 and cyber security has had a significant impact on our insurance. We need to remember that we cannot sacrifice security for convenience. AVPS moved to a VOIP phone system that will allow up to 60 simultaneous phone calls to accommodate Parent Teacher phone interviews. This move saved 60% in phone costs. New wireless tech across the division has shown a savings of \$115k.

We are doing our Board and Superintendent Evaluations in house, completed May 16.

Rochester Viability process resulted in a unanimous vote to not close the school. Subsequent motion:

Chairman Nikipelo moved that the Board of Trustees of Aspen View Public Schools continue to operate Rochester School for the 2022-2023 school year. Further that administration provide enrollment numbers as of September 30, 2022 and a discussion will be held and a path forward for Rochester School be determined effective the 2023-2024 school year.

TCS hosted the first Annual Robotics Tournament May 11. There were over 300 students competing that day. Very excited to see the division continue this tournament next year.

TCS's own Taylor Vaughan is AVPS nominee for the Edwin Parr first year teacher award. Although she is already a winner to us, we wish her luck at the banquet May 27.

Next Board meeting May 26 at WHPS

3. Drama
 - Message from Drama Teacher, **Mr. Shaun Kiselyk**:
 - The festival was an awesome experience. The festival is more of a celebration of art than a competition. There were a total of 18 schools competing from across the province. Many of these schools are from large centers with large populations and massive budgets for sets and costumes. The chance to be audience members for the shows performed by these schools is an awesome learning experience for the kids.
 - Our performance was a crowd favorite. We showed we belonged on that stage every bit as much as the big schools. The kids performed admirably and received an immediate standing ovation at curtain call and another huge ovation upon being recognized when reentering the theater to watch the next show on the schedule.
 - The festival was everything we hoped it would be from a personal performance level and from an audience member perspective.
 - Red Deer audience standing ovation for our students video is posted on the TCS Facebook page: <https://www.facebook.com/ThorhildCentral/>

4. K-3 Curriculum Introductory Sessions
 - Newly hired Associate Superintendent of Curriculum & Technology, **Ms. Katherine Mann**, will be delivering sessions for K-3 teachers regarding the new provincial curriculum

6. Stage Curtains Donation
