2021 Waste Management Thorhild County Student Scholarship Criteria

Waste Management has developed this scholarship for Thorhild County students entering their first or second year of post-secondary. Our customers are also our neighbours, associates, friends and family. The schools we serve are the same schools that teach our own children. The businesses we serve are the same businesses that serve us as customers. The hospitals, police departments, governments and civic organizations we serve are also the same ones that care for and protect the communities we live in, too. For all these reasons, we have a personal interest in helping make those communities better places to work and live. It's a responsibility we take to heart.

Healthy thriving communities depend on involved citizens, organizations and corporate partners for momentum. We lend our support and services to causes that promote civic pride, economic development and revitalization. **The total amount of this scholarship is \$750 per student, with up to seven (7) students being awarded per year. The application deadline is August 31, 2021.**

Giving guidelines

These guidelines outline the programs that Waste Management is most motivated to support:

- **Environment** - The environment affects all aspects of our lives, from the air we breathe, to the way we power our homes, to the parklands in which we play. Waste Management is committed to helping provide renewable resources to reduce our dependence on fossil fuels, and to conserving and maintaining wetlands, wildlife habitats and green spaces for people's enjoyment. Understanding the importance of the environment, Waste Management supports organizations and programs that preserve and/or enhance natural resources.
- **Causes important to the areas where we operate** - Waste Management is committed to enhancing our communities through programs that help make them cleaner and better places to live. Local Waste Management facilities are proactive in identifying charities located in the immediate community that they serve and, in many cases, may have predetermined which organizations they will be supporting that year.

Environmental Interest Essay

Is there an environmental topic that is of special interest to you as a student? Submit a 500-word essay on the topic and include your own perspective on what we should do about it as a community/population.

Eligibility requirements

To be eligible for the above-listed scholarships, you must be:

- A Thorhild County residency. Proof is required. Please attach a letter from Thorhild County's CAO stating you are a resident.
- Enrolment requirements:
 - Currently enrolled in your graduating year of a Canadian High School and will be enrolled full-time in a degree or diploma program at a recognized Canadian University or College in the Fall 2021 academic term. This requires proof of tuition payment for Fall 2021.
 - Entering any year of a full-time degree or diploma program at a recognized Canadian University or College in the Fall 2021 academic term. This requires proof first year education via a transcript and proof of tuition payment for the Fall 2021 term.

Note: Prior successful applicants can reapply a year after their first application for their second year of schooling. All applications are due by August 31, 2021.

Please mail your application to by August 31, 2021:
